

Bulgarsoft

Job advertisement

New programmers needed for Bulgarsoft videogame development studio.
You are just the person we need if you:

- Have experience coding in *C#*, Java, and Basic.
- Never smile and are terrible at customer support.
- Work well in a collaborative environment.

If this sounds interesting to you, please see how to apply below.

To apply for the position, fill out the conveniently adjacent job application. And then send it, and a copy of your CV to us by post at 00530 HELSINKI. We will then invite you over to a preliminary interview within 36 months, provided your qualifications match our expectations.
